

## **Died - Vince Moore**

**Date :** April 3, 2017

**April 1, 2017**

Sadly, early this morning, our dear friend and Vajra brother Vince Moore passed away. A few years ago Vince moved to Western Massachusetts from Yakima Washington to be near his Vajra kin. Vince had many gifts and skills which he freely offered to the Community and to his family and friends. He was always available to offer his physical skills on any project and his many technical land-use planning talents on Khandroling and other community projects. Vince passed very peacefully surrounded by his six children and former wife Anita. Many friends from the Dzogchen and Shambala communities had time with him during his final days offering practice and presence during his transition. We will miss him.
