

Elias Capriles Courses and Public Lectures in Poland 2019

Date : July 29, 2019

Course in Warsaw

In June and July 2019 we organized courses and public lectures in five Polish cities and at our retreat center, Paldenling, led by Elias Capriles (Santi Maha Sangha instructor authorized by Chögyal Namkhai Norbu, and university professor and researcher teaching philosophy, Buddhism and Asian art). Elias visited Sopot, Olsztyn, Łódź, Kraków, Warszawa, and [Paldenling](#).

Public lectures were organized in very different places, such as the oldest university in this part of Europe (the Jagiellonian University in Cracow), as well as the Warmia and Mazury Chamber of Craft and Entrepreneurship, and many other places.

Lectures were organized in places where there are quite a lot of Dzogchen practitioners (for example, in the Polish capital) and, for example, in Olsztyn, where there is only one member of our Community.

Many new people arrived to the public lectures and made connection with our Community, all while many members of the Community participated in the courses.

Lecture in Olsztyn
