

## February 4th - Wözer Chenma Practice for Dzamling Gar Gönpa

Date : January 28, 2018

### February 4th

We want to invite you to potentiate this day dedicating, according to your circumstances, to the practice of Wözer Chema, doing this practice with the intention of supporting the development of [Dzamling Gar](#) and specially the [construction of the Gönpa](#).

Thanks to the collaboration and commitment of all of you the Gönpa is visibly getting up. If we continue unifying our energies and actively doing our best for this purpose, at the end of this year the first phase of the Gönpa will be ready for Rinpoche's birthday!

The Gönpa of Dzamling Gar will function as a Sacred Space for the entire world, benefitting everyone everywhere as a cause for the realization of Wisdom and Awareness. As future generations fill the Gönpa to practice together, it will function as an important place for fulfilling Rinpoche's vision of The Dzogchen Transmission continuing without end.

***“Let's Unite Our Strength and Capacity.  
Dzogchen Communities, Unite all your Strength and Capacity”.***  
(from the Dzamling Gar Song by Chögyal Namkhai Norbu)

Thanks for your collaboration.

**Long Life to our Precious Master!!!**
