

Launching of New Kunye Program at Shang Shung Institute, USA

Date : April 25, 2018

Today we are excited to introduce our first two-year Massage Therapy and Tibetan Kunye External Therapies Program! It is a great opportunity to prepare for licensure as a Massage Therapist while becoming specialized in Tibetan Kunye external therapies, including hot stones, traditional Tibetan cupping, warm oil compresses and more. It also satisfies the first two years of our four-year Tibetan Medicine Practitioner curriculum.

Are you interested in Tibetan Medicine? Have you thought about learning more about anatomy and physiology from the Tibetan Medicine perspective, and dive deeper into various Tibetan Kunye External Therapies?

Join our Massage Therapy and Tibetan Kunye External Therapies program, starting September, 2018, and get a chance to build your own massage practice! We are offering 45% off for this first class of participants. Class sizes are limited so find out more about the program and start the application process [here!](#)

We look forward to hearing from you!
