

PRO ASIA Lunch in Preganziol, Venice

Date : November 2, 2017

On Sunday, October 8, the Community of Venice, Gyamtsholing, organized a shared lunch at Preganziol (a few kilometers from Venice) at the residence of Marie and Luigi, two dear friends who with great generosity offered, as they have in the past, their beautiful home for a gathering among practitioners, friends and acquaintances for a PRO [ASIA](#) fundraising.

It was a wonderful day! Everyone brought something to eat or drink and the banquet was set up in Marie and Luigi's garden.

In the afternoon some of us were able to dance Khaita under a pleasantly warm sun!

It was a great opportunity to meet that we will repeat as soon as possible.

Fundraising was good and was immediately sent to ASIA in support of its activities, interventions, and promotions for the preservation of the identity and the historical and cultural heritage of Tibet and the Himalayan area.
