

Special Offer from Shang Shung Institute Austria and Ka Ter Translation Project

Date : February 6, 2019

LOSAR TASHI DELEKS to all friends and supporters of the translation projects of the Shang Shung Institute Austria, may all your wishes manifest in a wonderful way and may you experience stable relaxation in a healthy and strong body floated with harmonised and equilibrated energy!

On this first day of the new Tibetan year I have a special offer for you: A generous donor from Australia has sent me an extra copy of the book LONGSAL 1, which has been sold out everywhere for many years now. This donor offers her extra copy to the Shang Shung Institute Austria for the Ka-Ter Translation Project. In that way one person will have to chance to get this books, which was the first book of the LONGSAL BOOK SERIES.

For a minimum donation of 300 Euro you can get this book – it will be sent to you right away. As there is only one book please be quick if you want to have this book. In case that you don't need or can get this book, please continue to support our translation activities also in the future.

Thank you so much for all your support in the years!

Without your help we never could have done all this tremendous work.

Adriano Clemente and Elio Guarisco are continuously working on the translations of several books and will be very happy if you can support their work.
