We are pleased to announce the publication of the

Tibetan Calendar for the Year of the Fire Bird 2017-2018

Updated annually, this pocket agenda contains concise indications of the practices recommended by Chögyal Namkhai Norbu for special days, astrological aspects from the Tibetan lunar calendar, individual influences affecting those born between 1918 and 2017, and positive and negative days for Naga practice.

It is indispensable for identifying favorable and unfavorable days for daily activities and remembering special practice days.

The calendar also includes a table indicating the days of the month to avoid surgery in specific areas of the body according to three Tibetan astrological systems as well as a table with the first days of the Tibetan new year according to the Phugpa system.
