

Google Group Established for Members of the Dzogchen Community

Date : July 30, 2014

A Google Group has been established for members of the Dzogchen community related to the

challenge of providing support and identifying resources for those with a life threatening condition or terminal illness.

The group is called DZC-Connect.

If you wish to become a member of DZC-Connect send an email requesting to join to:

DZC-Connect@googlegroups.com

I can be reached there as well.

Thank you,

Peter Dimitrov
