

Namgyalgar Secretary Online after Fire Threat

Date : February 4, 2020

Dear Gobal Vajra Family,

Thankfully the impending [fire threat](#) on the New South Wales South Coast in Australia last Saturday has passed so I am now online again.

Other fires inland and elsewhere have calmed down for the moment.

Though the weather is cooler there are still fires burning and smouldering waiting to flare up again. Therefore it will be much appreciated if you continue to practice to bring protection and rain.

It is anticipated that some substantial rain will come later in the week.

May it manifest as soon as possible!

best wishes to all

Vicki Forscutt

[Namgyalgar](#) secretary and membership coordinator
